

# Future-ready, today.

## Mission

We empower learners to build their futures and contribute to a better world.

**AISB**

AMERICAN INTERNATIONAL  
SCHOOL OF BUDAPEST

**STRATEGIC PLAN**

Objectives & Projects 2023/24

# DRIVE INNOVATION

## OBJECTIVES

## PROJECTS

Grow expertise and opportunities to enhance innovation.

All faculty and staff will have access to **professional learning** focused on innovative practices.

All students will have access to a broad range of **innovative and entrepreneurial experiences**.

Expand and refine systems and structures to promote a culture of innovative practice.

**Learning systems and structures** will provide flexibility to enable a variety of learning experiences and enhanced innovative practices.

Official **documentation systems** will recognize learning experiences within and beyond the classroom.

Provide resources and spaces to support innovative practice.

**Learning spaces** will be designed to enable innovative learning, promote collaboration and creativity.

All learners will have access to developmental appropriate **resources** to promote a culture of innovation.

# EXPAND LEARNING

## OBJECTIVES

## PROJECTS

Expand opportunities for multilingualism to support our learners' identities and cultures.

Every graduate will leave AISB with **academic proficiency in at least two languages.**

Every student will have the opportunity to begin studying their **first-choice language** acquisition course of French, German, or Spanish at every entry point.

Every student joining AISB will be able to **continue language acquisition** in French, German, or Spanish.

Every student at AISB will be supported in **maintaining and developing their home language.**

Every community member at AISB will have the opportunity to learn foundational **Hungarian language and culture.**

Every student will be able to **articulate the value and importance of intercultural learning.**

Expand the support and enrichment opportunities to ensure that all students reach their full potential.

All students will be **appropriately challenged and supported academically.**

All students will be **appropriately supported in their social and emotional development.**

Develop a broader range of relevant and authentic learning experiences for our learners.

All students will benefit from articulated **outdoor and experiential learning** opportunities through school.

All learners will have the opportunity to enhance their **digital skills** and understanding of **responsible digital citizenship.**

All students will have access to a **wide range of learning experiences**, as developmentally appropriate.

# OPTIMIZE THE LEARNING ENVIRONMENT

## OBJECTIVE

Ensure a dynamic through-school learning environment aligned with future learning needs.

## PROJECTS

The campus layout and design will meet current needs and inspire future **learning, enrollment, and environmental stewardship.**

---

**INVEST IN OUR PEOPLE**

## OBJECTIVE

## PROJECTS

Develop systems and structures that prioritize wellbeing to help individuals to reach their highest point of contribution.

Systems and structures at AISB will be designed to promote opportunities to **foster balance** in community members' lives.

Design leadership opportunities to challenge each individual to grow their capacity and the capacity of others.

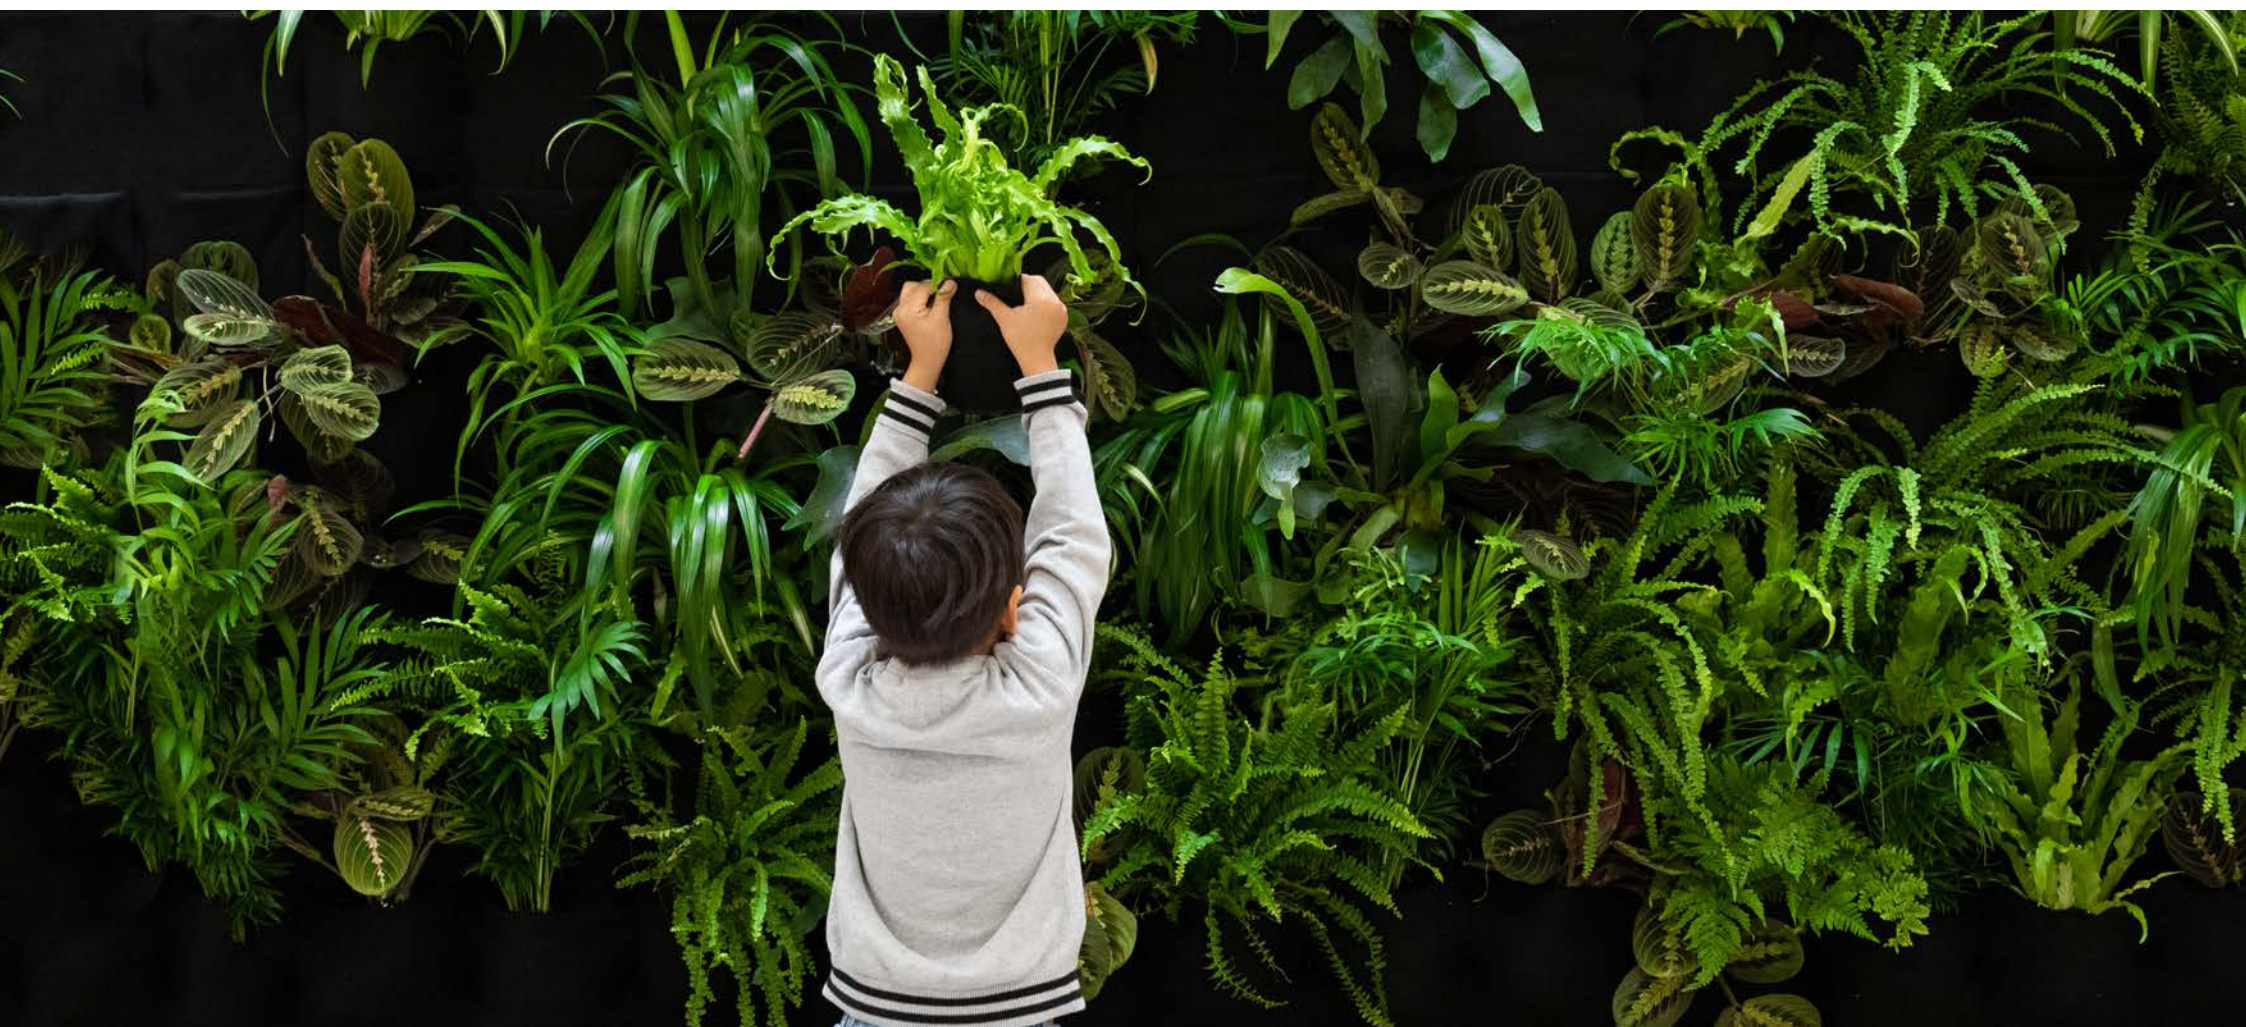

Every individual will have opportunities to grow their **leadership capacity**.

Design individualized professional learning pathways that promote self-efficacy to contribute to improved student learning

Faculty and staff will have **long-term goals for professional growth** to support career development.

# LEAD SUSTAINABLY

## OBJECTIVES

## PROJECTS

Model sustainable practices within education on a path to achieving carbon neutrality.

All students will have opportunities for **shared ownership** of the school's sustainability initiatives, leadership, and decision-making.

AISB will lead in collaboration with other organizations to **optimize the impact of sustainable practices.**

All decision-making, initiatives, and purchases are filtered through the school's goal of **carbon neutrality.**

Foster a culture of learning for sustainability.

All students will have an opportunity to **learn in nature** to support their development and instill a sense of respect and ownership of their natural surroundings.

All students will access **learning experiences that promote sustainability and environmental stewardship.**

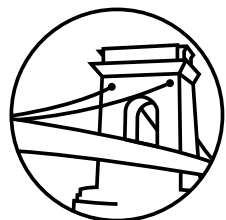

Connect with others with the intention to embed sustainability as part of everyday life.

Approaches to sustainability will be under a **continuous cycle of planning, implementing and reviewing** on a through-school basis.

**Human resources policies, practices, and development plans** will be aligned with sustainable development principles.

**Strategic partnerships** will be consciously established to **increase stewardship impact** and strengthen public relations with the surrounding community.
